Thursday 4 March	5:00 PM	8:00 PM		Fri 4.3 12:00 PM	Fri 4.3 10:00 AM	Link

Academy pre-requisites

- This course is designed for students without any previous Linux experience. Basic computer skills on any operating system is required.

What is the SUSE SLE201v15 Partner Academy?

- A no-cost alternative to classroom training on the SUSE Linux Enterprise Server 15 Administration course ([Course SLE201v15](#)).
- A flexible 6-week learning period versus 4 days of classroom training.
- A mix of self-directed learning each week plus a weekly 1-hour webinar with our instructor to review your understanding of each weekly assignment in the SLE201v15 Partner Academy.
- Prescribed weekly assignments requiring 5-10 hours of self-study each week, depending on your prior Linux and/or UNIX knowledge.
- Assignment “bundles” made of course reading and lab assignments accessed online in the Academy section of the SUSE Partner Portal.

Please note: This course is the second course in the learning path to obtaining the [SCA in SUSE Enterprise Linux 15](#). A voucher to take the exam for free will be issued to those who qualify.

What is required?

- A login account to the SUSE Partner Portal (<https://partner.suse.com/>).
- Availability to study in February, March and April 2021.
- A work/personal schedule that allows you 5-10 hours per week to self-study the course assignments plus 1 hour per week to attend a webinar review of the weekly assignment.
- A laptop/computer with a Broadband Internet connection for connecting to the On-Demand course and launching the live labs in the system and for connecting to the weekly webinar sessions. (Mobile devices can be used to connect to the webinars as well).
- **We strongly recommend using Chrome as your Internet browser for a smooth training experience.**
- Whitelisted domains in your email client so you receive critical Academy-related information:
 - suse.com.
 - readytalk.com.
 - ondemand.questionmark.eu
